AROUND GREEN RIVER

GREEN RIVER, Sept. 4.—

Owing to late arrival of the supply of wrapping paper for peaches the growers will be unable to handle but a small part of the crop. Peaches are ripening much faster than they can be picked, packed and shipped with the help that is available and growers will be lucky if they save half of the crop. It is hoped that at least ten cars can be sent out, although there ought to be at least double that many.

MYTON, Sept. 4.—A new map recently issued by the United States geological survey is said to settle the disputed county boundary line so far as it concerns the location of the town of Roosevelt. The map is said to place Roosevelt in Uintah county beyond any question of doubt.

Rock M. Pope was in town Saturday after two weeks surveying on the Blue Bench canal out of Rock Creek. He has found two good routes, one from the fork of Stillwater, requiring six thousand feet of tunnel at Mountain Sheep Pass, and the other starting a mile above Stillwater, and needing only three thousand feet of tunnel. Both eliminate the costly fluming on the old and longer route.

Jay Churchill has moved his family from the Castle Peak mines to Roosevelt, where they will reside in the future.

Threshing is over in the Colorado park. Crops were good and second cutting of hay is all in stack. Quite a number are getting ready for fall plowing and planting. There will be a large acreage sown to fall wheat.

The Vernal sociability run to Colorado last week was a big success in every way. Thirteen automobiles carried about fifty boosters, including the Vernal baseball team.

Miss Mildred Miles, daughter of W. A. Miles of Roosevelt but formerly of

Nine Mile, will be one of the ones here in the Duchesne high school year. Miss Miles is a very capable young woman. She studied law at the University of Chicago and through with high honors.

The average in grain in Duchesne county this year is estimated at 600 acres.

It is believed the grain crop in Duchesne county will fall short of predictions.

There will be no more Indian sales until next spring, according to information from Fort Duchesne.

The Roosevelt Community now has about thirty-five men and they all seem to be active pool table was recently installed.

It seems that a building has struck the thriving town of Midview the country seat. The work is large brick building on the corner progresses rapidly.
